

Swabs and Applicators

Cottontips™ Low Lint

► **Low particulate economical swab for precision cleaning applications.**

- 100% pure pharmaceutical grade bleached white cotton head
- Extra soft and highly absorbent
- Compatible with most solvents

Designed for precision cleaning and fast absorption of solvents with minimal particulate contamination.

CT5000 1000 swabs

Cottontips™

► **Economical swabs designed for general cleaning applications.**

- Soft, highly absorbent
- 100% pure pharmaceutical grade bleached white cotton head
- Compatible with most solvents
- Available doubleheaded

Designed for general cleaning and fast absorption of solvents.

**Single Headed
CT100 100 swabs**

**Double Headed
CT200 100 swabs**

Chemswab™

► **Easy to use swab presaturated with alcohol.**

- Urethane foam swab (Foamtips #120) presaturated with ultra-pure IPA
- Evaporates quickly with no residue or contamination
- Nonabrasive

Safely cleans computer keyboards, magnetic tape devices and electronic components. Ideal for field service kits.

CS25 25 swabs

Quick Reference Guide for Chemtronics Swabs & Applicators

ABS- Acrylonitrile-Butadiene-Styrene, N/PP- Nylon/Polypropylene, PP-Polypropylene, PPF- Porous Polyvinylidene Fluoride

Swabs and Applicators

Chamois Tips™

► **The ideal swab for cleaning audio and video heads and optical pickups.**

- Synthetic chamois cloth head
- Flexible, formable ABS handle bends to clean hard-to-reach areas
- Available in single and double headed styles
- Solvent bonded, no adhesive leeching
- Material is free of oils and residues

Chamois Tips™ clean the magnetic heads of VCRs and other sensitive assemblies.

CC50 50 swabs

Flextips™

► **Flexible head is ideal for cleaning optics and small confined areas.**

- Superior durability
 - 100 PPI open foam head
 - Non abrasive
- Provides gentle, nonabrasive brushing of sensitive surfaces.

CX50 50 swabs

Foamtips™

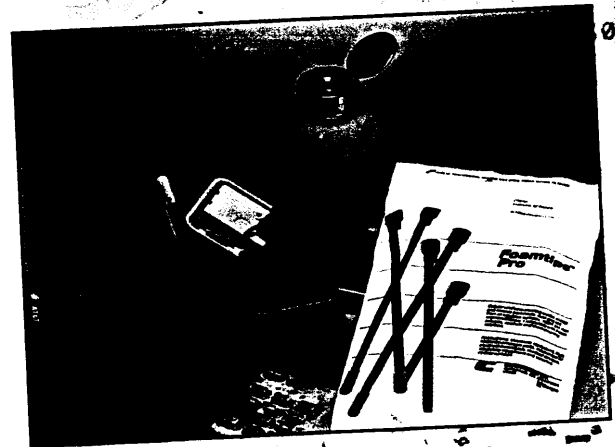

► **Highly absorbent precision cleaning swabs with a wide variety of head sizes and shapes.**

- Precision cleaning swabs with 100 PPI polyurethane foam head
- Purest medical grade foam

Foamtips™ swabs are available in a wide variety of head sizes and shapes. The Foamtips™ Pro has a blue scrubber side and a soft absorbent side.

Foamtips™ Pro CFP50
Foamtips™ #100 CFP50
Foamtips™ #110 CF1050
Foamtips™ #120 CF2050

Foamtips™ #130 CF3050
Foamtips™ #140 CF4050
Foamtips™ #150 CF5050
50 swabs each

Microtips™ Medium

► **Pinpoint solvent and adhesive applicator.**

- Porous polyvinylidene fluoride-tipped precision cleaning tools
- Low in extractables and compatible with most solvents
- Low particulate levels and compatible with most solvents
- 1.925 mm tapered tip

Excellent choice for dispensing and dispersing solvents, adhesives and primers.

CM502 50 swabs
