

## Isopropyl Alcohol (IPA) Wipes - 99.8%

1610-WIPES

99.8% pure anhydrous (containing the least water possible and no denaturant) isopropyl alcohol is excellent for tape head cleaning, defluxing, stencil cleaning, other light cleaning, and as a flux thinner. Avoid "bargain" alcohols for critical electronic cleaning. Cheap alcohols contain much more water, which slows drying and can cause oxidation, while "denatured" alcohols leave residues.

### Pre-saturated wipes with 99.8% pure isopropyl alcohol

Convenient, lowlinting wipes are presaturated with 99.8% pure IPA.
