| | 12 – 20 | 20 sec., Maximum |

Description

The Nano^{2®} SMF Fuse is a very small, Wire-in-Air (WIA) square shape surface mount fuse which is very suitable for the secondary side circuit over-current protection applications and is designed for PCB using surface mount technology.

Features

- Very fast acting
- Small size
- Wide range of current rating available (0.062A to 20A)
- Wide operating temperature range
- Low temperature rerating
- RoHS compliant and Halogen Free

Applications

- Notebook PC
- LCD/PDPTV
- LCD monitor
- LCD/PDP panel
- · LCD backlight inverter
- Portable DVD player
- Power supply
- Networking
- PC server
- · Cooling fan system

- Storage system
- Telecom system
- Wireless basestation
- White goods
- Game console
- Office Automation equipment
- Battery charging circuit protection
- Industrial equipment

Notes: - I²t calculated at 8ms. - Resistance is measured at 10% of rated current, 25°C

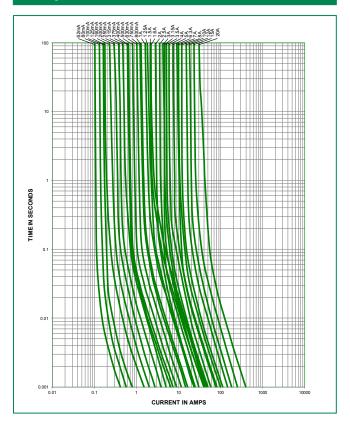

Temperature Re-rating Curve

Note:

 Rerating depicted in this curve is in addition to the standard derating of 25% for continuous operation.

Part Numbering System

NOTE: "L" suffix applies to 451 series only

- 451 series may be ordered as either "RoHS and HF" ("L" suffix) or non-RoHS (no suffix) version.
- 453 series is available only as RoHS compliant version and does not require "L" suffix. Please do not include "L" suffix within 453 series ordering instructions.
